**Note:**

It's requested special attention for the following points, when filling in this form:

- All delegations are requested to arrange arrivals and departures in direct flight to/from Tom Jobim International Airport (GIG) in Rio de Janeiro;
- According to the Brazilian Government customs clearance must be done at the first international airport in Brazilian territory upon arrival and at the last one upon departure according to the Brazilian Government. So if it's not possible to arrive directly at GIG and it has to be at the International Airport of São Paulo (GRU), then customs clearance must be done at GRU and it may take much longer than it would at the GIG Airport. Therefore, it's strongly recommended that the domestic connecting flight from GRU to GIG is **at least 5 hours** after the arrival at GRU;
- **If it's still necessary to arrive at GRU, it is mandatory to inform on this form the flight arrival data at the GRU, as well as the GRU / GIG domestic connection flight;**
- GRU / GIG domestic connection flight data is also required so that the OC team can host you at the airport in Rio and assist you to the transportation service;
- Fill in this form in a computer and send it along with a legible copy of the passport until 28 JUN 2019. Handwritten forms or faxed won't be accepted;
- The Brazilian Army will prepare the transit permit based on the information of this form and is going to be present at the airport on the day and hour of the arrival flight to Brazil to deliver the document to the owner, after checking the firearms and ammunitions;
- **It is also obligatory under Brazilian law that travelers arriving in Brazil must previously fill in the Electronic Goods Declaration (e-DBV) and print it in 2 copies to present to the customs authorities at the airport of arrival in Brazil, to expedite the clearance of arms. See more information at <https://www.edbv.receita.fazenda.gov.br/edbv-viajante/pages/selectionAction/selectionAcao.jsf>.**
- Following these recommendations, your arrival in Brazil will happen without setbacks.

The Organizing Committee is not responsible for missing flight connections or baggage, neither for any consequence of failure to comply with these guidelines.
